Steadplan

WE CAN, WE DO

Steadplan making vehicle ownership easy

When you need a vehicle, come to Steadplan.

We'll provide anything from a van to a tractor unit, a trailer to a complete 44 tonnes artic. Not only that, but we can advise about a whole range of specification issues, from cabs and engines through to wheelbases and bodywork. New or used - the choice is yours.

Even better, not only will we be able to supply your truck, but we can finance it and look after it for you as well.

Steadplan Solutions - the complete vehicle package.

Efficient vehicle acquisition

Steadplan offers a full range of finance options:

Operating Lease

Key points - minimum monthly payments based on the anticipated depreciation of the vehicle. Ideal for 'off balance sheet' accounting. Easy and speedy to arrange.

Finance Lease

Key points - Ideal for making maximum use of writing down allowances. Rental payments fully tax deductible, and very VAT efficient. A good choice for companies experiencing rapid growth.

Lease purchase

Key points - The choice for operators who want to rent, then ultimately buy, their trucks. Fixed rental payments, plus the ability to claim capital and writing down allowances on the asset.

Flexible 3

Key points - Finance based around a guaranteed future value of the vehicle. Payments monthly or quarterly. At the end of the contract, you have three choices - buy the vehicle, extend the contract, or return it. Whatever you choose, you're still in control.
