

# Parts

Whatever, wherever

**Steadplan**

**WE CAN, WE DO**

# A parts operation unmatched

As the area's foremost MAN ERF franchise, Steadplan aims high. Quite simply to be the most responsive, efficient, and pro-active truck service centre in the North West.

Fully demonstrating this commitment, our ever-growing parts operation now has its own dedicated business development team and a 50% greater stockholding area. As a result, Steadplan carries a highly comprehensive stock of genuine MAN and ERF parts, everything from a wiper blade and wing mirror to a complete engine. But the real trick is for us to deliver what you want when you want it. To Steadplan, night or day are simply indistinguishable. And distance no object.

With 4 vans operating in the area, Steadplan provides operators with a twice daily delivery service throughout Lancashire, with full VOR support as well. And we'll go further in other ways too, providing parts not just for your MAN and ERF vehicles but also trailers and most other makes of trucks in your hard working fleet.

## The Answer Is 'Yes'

Steadplan carries thousands of parts for trucks and trailers as well as buses and coaches.

## The Real Thing

Now a full MAN ERF Service Centre, Steadplan carries a comprehensive range of genuine parts for both marques.

## Twice Daily Deliveries

Our van fleet delivers twice daily throughout Lancashire, with special coverage for VOR requirements as well.

## 'All Makes' Parts Too

We also carry a huge range of ancillary and 'all makes' parts - our sole aim being to keep your vehicles up and running.
